JH Specialty to Expand, Add Jobs *Company will invest \$870,000, add 31 new positions*

Fort Wayne, Ind. (September 22, 2009) — JH Specialty has announced that it will expand its Fort Wayne operations to 6030 Huguenard Road. The professional services company, with the assistance of Hilltrans, LLC, will invest approximately \$870,000 and create 30+ new jobs over the next five years. The project will begin this month and is scheduled for completion March 2010.

JH Specialty was established in Fort Wayne in 1998 by company CEO, John Henry III. “We believe this is a necessary time for expansion, as business continues to increase through our various operational platforms,” said Henry. “Being located in Fort Wayne has been very beneficial to our company, and we look forward to maintaining business here for years to come.”

JH Specialty offers professional services in the areas of marketing, web development and design, custom application development and specialized consulting. As a result of the project, the company will be able to operate a call center to support a division that primarily sells promotional products online. Additional web designers and developers, network administrators, account managers, clerical and warehouse staff will be needed due to the expansion.

“JH Specialty is an optimum example of a young company that continues to progress, even in a tumultuous economy.” stated Mayor Tom Henry. “This investment will provide a boost to the growing technology sector of the City of Fort Wayne.”

About the JH Specialty

JH Specialty was founded in 1998, by John Henry III and provides professional services in the areas of marketing, web development and design, custom application development and specialized consulting. The company also provides pick-n-pack for a handful of third parties and has a division that primarily sells promotional products online.
